

AUDIT REPORT ON THE FINANCIAL STATEMENTS

To: Chairperson of the Council,
Muhimbili University of Health and Allied Sciences,
P. O. Box 65001,
Dar es Salaam.

REPORT OF THE CONTROLLER AND AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE MUHIMBILI UNIVERSITY OF HEALTH AND ALLIED SCIENCES FOR THE YEAR ENDED 30TH JUNE, 2012

Introduction

I have audited the financial statements of the Muhimbili University of Health and Allied Sciences which comprises of the statement of financial position as at 30th June, 2012, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes set out from pages 13 to 32 of this report.

Council's Responsibility for the Financial Statements

The Council Members of the Muhimbili University of Health and Allied Sciences is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Responsibility of the Controller and Auditor General

My Responsibility as auditor is to express an independent opinion on the financial statements based on the audit. The audit was conducted in accordance with the International Standards on Auditing (ISA) and such other audit procedures I considered necessary in the circumstances. These standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
