CONSULTANCY SERVICES FOR NEED IDENTIFICATIONS, DEVELOPMENT OF TECHNICAL SPECIFICATIONS, AND SUPERVISION FOR SUPPLY AND INSTALLATION OF MEDICAL AND LABORATORY EQUIPMENT AT CENTRE OF EXCELLENCE FOR CARDIOVASCULAR SCIENCES PROJECT - PHASE 2. FOR THE CARDIAC TEACHING HOSPITAL AT MLOGANZILA CAMPUS.

UNDER THE PROJECT OF
CENTRE OF EXCELLENCE FOR SKILLS AND TERTIARY EDUCATION IN BIOMEDICAL SCIENCES
PROJECT - PHASE 2

Financing Agreement reference:
Project ID No.: 2000300001404

The Government of United Republic of Tanzania has secured a loan from the African Development Bank for the centre of excellence for skills and tertiary education in biomedical sciences project - Phase 2, and intends to use part of this loan to pay for consultancy services for needs identification, development of technical specifications, and supervision of the supply and installation of medical and laboratory equipment for the state-of-the-art cardiac teaching hospital at Mloganzila Campus.

To this end, Muhimbili University of Health and Allied Sciences (MUHAS) would like to invite eligible consultants to indicate their interest in providing these services. Interested consultants must provide information (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). to prove beyond reasonable doubt that they are qualified to perform these services. Consultants may form joint-ventures to enhance their chances of qualification.

Eligibility criteria, establishment of the short-list and the selection procedures shall be based on the African Development Bank's **"Rules and Procedures for the use of Consultants" May 2008 Edition** which are available on the Bank's website at <http://www.afdb.org>. The consulting firm must demonstrate experience in the following areas:

- A minimum of **10 years** of experience in medical equipment planning, procurement, installation, supervision and commissioning within healthcare facilities.
- Proven track record in handling large-scale hospital equipment procurement and installation projects, preferably for **tertiary hospitals or specialized cardiac centres**.
- Experience working with international donors, such as the **African Development Bank (AfDB), World Bank, or other multilateral financing institutions**, adhering to their procurement guidelines for at least three projects.
- Successful completion of at least **three (3) similar assignments in the past [5] years**, with documented evidence of performance.
- Experience in training healthcare professionals on equipment operation, maintenance, and quality assurance.
- Strong knowledge of regulatory and compliance standards for medical equipment, including **ISO, WHO, and national health regulations**.

Interested consultants may obtain further information at the address below during office hours from 08:00 am up to 16:00 pm.

Expressions of interest must be delivered to the address below by **03rd November, 2025** at 14:00 and mention consultancy services for need identifications, development of technical specifications, and supervision for supply and installation of medical and laboratory equipment at centre of excellence for cardiovascular sciences project - phase 2 cardiac teaching hospital Mloganzila Campus.
